

# Dylon Fabric Pens Instructions

Dylon Fabric Pens are used to draw designs directly onto fabric. They give permanent results and leave fabric soft when dry.

## AVAILABLE TYPES

- Broad nib singles: Black, Blue, Yellow, Red, Green, Purple
- Broad nib packs: 6 assorted colours, 6 same colour.
- Fine nib standard colour pack (Red, Yellow, Green, Black, Blue)
- Fine nib fluorescent colour pack (Yellow, Pink, Orange, Blue, Green).

## INSTRUCTIONS

1. Wash and dry chosen garment.
2. Place a protective backing underneath the fabric (e.g. thick card or a plastic sheet).
3. Draw your design onto the fabric and leave to dry.
4. To fix the colour, cover the designed area with a clean cotton cloth and iron on a very hot setting for 1-2 minutes.

## Tips for using Fabric Pens

- For fine outlines pin the fabric so that it is stretched taut.
- Practice first on a spare piece of fabric.
- For best results use on light coloured fabrics only.
- Replace cap after use and store in a horizontal position.
